About UCSI Logo

The Logo is a stylised wing of a bird in flight, which symbolises UCSI College's dynamism and visionary aspirations to soar to great heights of achievements.
The UCSI College Logo is a registered trademark. It forms an integral part of the College's public image and is thus subject to several well-meaning rules that govern its usage.

The UCSI logo consists of two elements; the wing icon and the text 'UCSI College'.

There are two formats of the UCSI Logo; horizontal and square. Both logos are followed by the registered trademark logo. For the horizontal format, the R symbol appears at the top right of the letter 'y' and above the letter 'I' for the square format.

The logo must never be altered, modified or recreated. Any attempt to modify or alter the logo is a violation of the Company's standards.

UCSI Logo | Horizontal Format

Protected Area

The grey box surrounding the logo illustrates the required minimum clear space around the logo; nothing should encroach on spaces marked as **'x'**.

x is the height of the letter 'e' in the word 'College'.

Minimum Size

For Printing

25 mm width

For Web Usage

90 pixels width

To ensure clarity, the logo of College should not be smaller than 25mm (width) and 90 pixel (width) respectively. The size of the logo in an actual artwork should not be smaller than 15% of the actual artwork size.

UCSI Logo | Improper Use of Logo

Do not change the approved logo size relations.

Do not reduce the logo to a size that interferes with the legibility.

Do not separate the symbol from the words.

Do not place the logo on an image background that interferes with the legibility.

Do not change the approved brand colour.

Do not distort the logo's proportions.

Do not invert or slant the logo.

Ensure there is enough contrast between the logo and the background colour.

Do not use special effects on the logo.

UCSI Logo | Logo Format with the University

When the College's logo is positioned beside the University's logo, the text 'college' has to be in the same size with the text 'university' and positioned in the centre. This will make the text 'college' smaller than the original logo.

UCSI Logo | Application on Collaterals

There are four (4) logo options available for application to the collaterals. The common logo to use are the full colour logo for the white or light coloured background and the pure white logo for the darker background.

When simplification is needed, duotone (red and black), and monotone (solid black) are applicable to a certain extend.

All new souvenirs bearing the UCSI College's Name and Logo must first receive approval by Group Corporate Affairs.
